Steinbach Bible College is an evangelical Anabaptist college empowering servant leaders to follow Jesus, serve the church, and engage the world.

WHY SBC?

CLEAR FOCUS

At SBC, the **Bible is the foundation** for learning. Whether the learning situation is one of direct Bible study, ministry development or arts and sciences courses, biblical teaching is integrated into the material to develop a worldview consistent with God's revelation in His Word. Bible study transforms your understanding of who God is, who you are in Christ, and God's mission in the world. Our goal is to let Christ shape our life values, spirit, relationships, and skills.

CHRIST-CENTRED COMMUNITY

We value time together, building each other up, walking alongside each other in work, play, and ministry. Small class sizes allow for personal attention from our faculty who take the time to build into students lives not just academically, but relationally, emotionally, and spiritually. **Christ-centred community** helps students grow in faith and character through prayer, encouragement, accountability, worship, and spiritual conversations as part of everyday culture at SBC.

MISSION

Young adults living Christ-centered, kingdom-focused lives have the potential to change the world. We want to launch students into careers and vocations that will saturate our communities and churches with hope, mercy, and the peace of Jesus. The world needs servant leaders who can confidently **integrate their faith with the challenges of life in today's world.**

“The best part about community life here at SBC is the daily interactions you get to have with people who are encouraging me to grow in my faith every day.”
- Jeffrey, '19
